

NLC-RISC RISK INFORMATION SHARING CONSORTIUM

Celebrating 40 Years of Leadership & Connection

In 1982, NLC-RISC was established as a non-competitive community of state league risk pools providing members unparalleled opportunities to share information, network, and support one another. For the past 40 years, NLC-RISC has provided tools, resources, and partnerships to help member pools create stronger communities. We are proud of all that we have accomplished together - and we are grateful to the membership for their support and commitment to NLC-RISC over the years!

Our Founding:

In the 60s, the insurance market abandoned local governments, leaving them without coverage and vulnerable to risks. To respond to this developing need, State Leagues created risk pools to provide **education, risk management resources, and insurance for local governments**. Just as State Leagues formed the National League of Cities in 1924, creating a national organization to strengthen local government, 14 state league risk pools founded NLC-RISC in 1982 **creating a national community of pooling support and resources**.

Our Service:

To honor RISC's founding goal of sharing information and providing educational opportunities, we continue to find new ways to support the state league risk pool community, **now 38 members strong!** We have enhanced existing programs and expanded offerings to meet the needs of risk pools today, including:

-  **Benchmarking Initiatives**
-  **Compensation Surveys**
-  **Education & Training**
-  **Enhanced Website & Resource Library**
-  **Mentor Program**
-  **Monthly Newsletter**
-  **Online Communities**
-  **Partner Programs**
-  **Virtual Roundtables**

These RISC offerings create opportunities for resource sharing and networking between members. When resources are developed within a pool and shared with other members, this shared innovation propels the greater RISC community.

Moving Forward Together:

Now is the time to celebrate all we have accomplished together with the collective strength of leadership and connection. Over the last 40 years, the RISC membership has worked to solve numerous challenges, including those that brought us together at our founding. Pools continue to experience a variety of challenges, but the RISC community remains committed to developing resources and solutions. We look forward to all that we will achieve in the next 40 years!
