

Connecticut Interlocal Risk Management Agency

SR. RISK MANAGEMENT CONSULTANT

The Connecticut Interlocal Risk Management Agency (CIRMA) is a Public Entity Risk Pool with expertise in the complex world of municipal and school district risk management. Over the past 40 years, CIRMA has been the premier market in providing Workers' Compensation and Liability-Auto-Property insurance, along with our outstanding Risk Management Services, to Connecticut's towns, schools, and local public agencies – ***"Helping Our Members to Build Safer & Better Communities to Live, Learn, & Work in"***.

As a CIRMA Sr. Risk Management Consultant, you will be provided an exciting opportunity to apply your knowledge, experience and skills in a collaborative work environment with cross-functional teams, contributing to the ongoing success of our members and organization. Following an Enterprise Risk Management approach, our risk management team helps our members to mitigate and eliminate losses through tailored services including, but not limited to:

- Onsite Consultative Services,
- In Person & Online Training & Education, and
- Collaborating with our municipal membership to develop tailored risk management solutions

Our consultants are data driven. Having strong communication and relationship building skills, coupled with critical thinking abilities will be key to your success as a CIRMA Sr. Risk Management Consultant. CIRMA's consultants are invested in helping our membership prioritize, select and sustain risk management initiatives, along with practical solutions, to help them achieve their mission of providing service to their communities, thus making their communities better places to live, work and play.

Examples of Work (illustrative):

- Evaluates potential risks based on a member service-oriented programs and works with the membership to create tailored practical methods for managing the identified risks.
- Conducts assessments of municipal and school district buildings and property to identify exposures, and developing tailored risk management recommendations to address the hazard and reduce liability
- Plans, coordinates and/or administers training programs based on member requests and organizational needs
- Develops and presents stewardship reports to the membership in an effort to communicate emerging issues, trends, and loss drivers.
- Utilizes the enterprise risk management model to create tailored risk management recommendations based on data for members

Qualifications:

- 5+ years of experience in risk management or equivalent field
- Bachelors' degree or equivalent work experience preferred.
- ARM Designation preferred - Designation is required within the first year of employment.
- Valid CT Driver's License required.
- Experience working in, or with, municipalities and or school districts
- Understanding Property & Casualty and Workers' Compensation insurance lines are a plus.
- Ability to benchmark, measure and analyze loss trends.
- Excellent oral and written communication skills – ability to develop and deliver presentations to individuals and groups.
- Develop and implement tailored risk management programs at all levels of executive management.
- Excellent time management and interpersonal skills.

CIRMA's philosophy is to provide exemplary compensation packages to its employees. We offer competitive salaries and comprehensive benefit packages including:

- Paid health, dental, life, vision and long-term disability insurance plans
- Flexible Spending Accounts
- Generous 401 pension plan without employee contributions
